

May is the month we will learn about Flower Gardens, Picnic, Snug as a Bug, and Life in the Pond. The four weekly themes are:

Week one: Flower Gardens we will learn about and count seeds. We will review our numbers and also learn about Garden tools. We will be planting some flower seeds in cups that we will take home and watch grow.

Week Two: Picnic Panic; we will learn about picnics. We will have a picnic in our room, we will also learn about opposites, and ants.

Week Three: Snug as a Bug we will learn about busy bees. We will also review our shapes. We will also learn about crazy caterpillars.

Week Four: Life in the Pond we will learn about tadpoles turning into frogs. We will also be learning about ducks.

This month's concepts are about reviewing our numbers, colors, shapes and opposites.

As the weather begins to be nice we will be going out to the play ground. Please feel free to send a bottle of sunscreen for your child to keep here. We will label it with their names and keep it at the center. Also, ALL of the toddler classes are in the process of potty training. We will be placing a sticker on their Daily Care Logs that we send home with them if they do go potty, so you will be able to give them positive praise and encouragement.

We are looking forward to a great month!!!

Thank You
Ms. Dona
